RECEIVED

Conditional Sale Agreement No. 46

THIS AGREEMENT, made as of the 7th day of September, 1972, by and between MANUFACTURERS NATIONAL BANK OF DETROIT, a national banking association of Detroit, Michigan (hereinafter sometimes called "Vendor"), party of the first part, and DETROIT, TOLEDO AND IRONTON RAILROAD COMPANY, a Delaware corporation, with an office in the City of Dearborn, Michigan (hereinafter sometimes called "Vendee"), party of the second part.

WITNESSETH:

WHEREAS, by Agreement between General Motors Corporation, a Delaware corporation (Electro-Motive Division) (hereinafter sometimes called "Electro-Motive") being comprised of: (a) Electro-Motive's Proposal #72-B-7, signed by Electro-Motive on February 17, 1972; (b) Vendee's Purchase Order dated April 28, 1972, bearing #A-84930; Electro-Motive has agreed to construct, sell, and deliver and Vendee has agreed to purchase eight (8) new 3,000 h.p. Model #GP40-2, Diesel Electric Locomotives, numbered DTI 406-413, inclusive; and by Agreement between Greenville Steel Car Company, a Pennsylvania corporation, (hereinafter sometimes called "Greenville") being comprised of: (a) Greenville's Proposal #35323, signed by Greenville on April 18, 1972, (b) Vendee's Purchase Order dated July 14, 1972, bearing #A-86117; Greenville has agreed to construct, sell and deliver and Vendee has agreed to purchase thirty (30) new 52' 6" 100 ton Gondola Freight Cars, numbered DTI

- (e) Vendee shall have delivered to Vendor a duplicate original of its Certificate of Acceptance of the Equipment.
- (f) Vendor shall have received evidence satisfactory in extent and form to Vendor and to Vendor's counsel that execution and delivery of the Bills of Sale has been duly authorized.

9520-9549, inclusive; Electro-Motive and Greenville are hereinafter sometimes called "Builders", and the above described locomotives and freight cars are hereinafter sometimes called the "Equipment"; and the above de-

changes in specifications is increased, the balance due after application of said amount will be Two Million Five Hundred Thousand Dollars (\$2,500,000.00) as herein provided.

2.4 Payment of the balance of the purchase price for the Equipment, in amount of Two Million Five Hundred Thousand Dollars (\$2,500,000.00) and of interest thereon from the closing date at six and 7/8 per cent (6⁷/₈%) per annum on the diminishing unpaid balances of the purchase price remaining unpaid since the last preceding instalment payment date, shall be made by Vendee in quarter-annual instalment payments, beginning on the 1st day of December, 1972, and continuing until the full purchase price is paid, in accordance with the Schedule of Payments hereinafter set forth which is annexed hereto as Exhibit "C". Said instalments shall be allocated first to interest and the balance to principal until the full purchase price is paid. Commencing with the instalment payment due March 1, 1973, and upon each quarterly instalment due date thereafter, Vendee shall have the right to pay the then remaining total unpaid principal balance providing Vendee has given Vendor thirty (30) days notice of intent to so prepay said outstanding balance. Vendor has a right to refuse said prepayment if Vendee is making said prepayment from a refinancing institution.

2.5 Until and unless payments shall be made by Vendee under Sections 4.3 or 4.4, the quarter-annual instalment payments shall be applied in accordance with the Schedule of Payments annexed hereto as Exhibit "C"; provided that the interest due on December 1, 1972, shall be computed at the rate of six and 7/8 per cent (6⁷/₈%) per annum from the "Closing Date" to but not including December 1, 1972.

Any and all replacement of parts of the Equipment or additional equipment or facilities installed thereon or therein shall constitute accessions to the Equipment the title to which shall be immediately vested in Vendor, and which shall be subject to all the terms, reservations and conditions of this Agreement. When Vendee shall have paid in full the entire purchase price for all of said Equipment, with interest thereon, and all other payments herein provided to be made by Vendee with respect thereto, title to and property in each and all said Equipment shall pass to Vendee without further transfer or act on the part of the Vendor, but Vendor will, if requested by Vendee to do so, execute and deliver to Vendee a Bill of Sale or other instruments of conveyance of the Equipment; and warranty of title to the Equipment in such Bill of Sale or other instruments of conveyance thereof shall be only against the acts and deeds of the Vendor. To the extent permitted by applicable law, Vendee hereby waives any and all rights to the payment of any fines or penalties for failure of Vendor to comply with any applicable statute with respect to evidencing satisfaction of this Conditional Sale Agreement, except for failure to do so within a reasonable time after written demand by Vendee.

2.2 Vendee hereby acknowledges itself to be indebted to the Vendor, and hereby promises to pay to the Vendor at such place as the Vendor may designate, the sum of Two Million Five Hundred Thousand Dollars (\$2,500,000.00).

2.3 The Vendee agrees to pay to Vendor on the closing date, hereinafter referred to as down payment, the amount in excess of Two Million Five Hundred Thousand Dollars (\$2,500,000.00). In the event the purchase price due to

changes in specifications is increased, the balance due after application of said amount will be Two Million Five Hundred Thousand Dollars (\$2,500,000.00) as herein provided.

2.4 Payment of the balance of the purchase price for the Equipment, in amount of Two Million Five Hundred Thousand Dollars (\$2,500,000.00) and of interest thereon from the closing date at six and 7/8 per cent ($6\frac{7}{8}\%$) per annum on the diminishing unpaid balances of the purchase price remaining unpaid since the last preceding instalment payment date, shall be made by Vendee in quarter-annual instalment payments, beginning on the 1st day of December, 1972, and continuing until the full purchase price is paid, in accordance with the Schedule of Payments hereinafter set forth which is annexed hereto as Exhibit "C". Said instalments shall be allocated first to interest and the balance to principal until the full purchase price is paid. Commencing with the instalment payment due March 1, 1973, and upon each quarterly instalment due date thereafter, Vendee shall have the right to pay the then remaining total unpaid principal balance providing Vendee has given Vendor thirty (30) days notice of intent to so prepay said outstanding balance. Vendor has a right to refuse said prepayment if Vendee is making said prepayment from a refinancing institution.

2.5 Until and unless payments shall be made by Vendee under Sections 4.3 or 4.4, the quarter-annual instalment payments shall be applied in accordance with the Schedule of Payments annexed hereto as Exhibit "C"; provided that the interest due on December 1, 1972, shall be computed at the rate of six and 7/8 per cent ($6\frac{7}{8}\%$) per annum from the "Closing Date" to but not including December 1, 1972.

2.6 All moneys received by the Vendor under Section 4.2 and 4.4 hereof and applicable to the reduction of the principal shall be applied to the payment of instalments of principal in the inverse order of their maturity. The amounts of the instalment payments allocated to principal maturing subsequent to each such application shall not be decreased, but the amount of each such subsequent instalment allocated to interest shall be decreased. If, after applying as aforesaid the sums of money realized by Vendor, there shall remain a surplus in the possession of Vendor, such surplus shall be paid to Vendee.

2.7 The term "Closing Date" as used herein shall mean such date, not more than ten (10) business days following presentation by Builders to Vendor of the Bills of Sale and invoices provided in Section 1.1 (a) (b) (c) and (d) herein, as shall be fixed by Vendee by written notice delivered to Vendor at least three (3) business days prior to the Closing Date designated therein. The term "business days" as used herein means calendar days, excluding Saturdays, Sundays and holidays. It is understood that the Closing Date shall be fixed not later than November 1, 1972.

2.8 The Vendee will pay, to the extent legally enforceable, interest at the rate of seven and 7/8 per cent ($7\frac{7}{8}\%$) per annum upon all amounts remaining unpaid after the same shall have become due and payable pursuant to the terms hereof, anything herein to the contrary notwithstanding.

2.9 All payments by Vendee hereunder shall be free of expense to Vendor for collection or other charges, and no deduction shall be made therefrom of the amount of any manufacturer's sales or use tax or taxes (including any increase therein) imposed by Federal, State, Municipal or

other Governmental authority upon the manufacture and/or sale and/or use of the Equipment, all of which expenses and taxes Vendee assumes and agrees to pay or reimburse Vendor for in addition to the above-mentioned purchase price of the Equipment.

2.10 Vendee shall, in addition, pay promptly all taxes, assessments and governmental charges which from time to time after delivery may be imposed upon the Equipment, or the earnings arising therefrom, or the operation thereof, or upon Vendor by reason of its ownership thereof, by any government or any country, state or political subdivision thereof, in which the Equipment may be located, or which shall have jurisdiction over the Equipment or any part of them, and Vendee agrees at all times to keep the Equipment free and clear of all tax liens and encumbrances; provided, however, that Vendee shall not be required to pay any tax, assessment or other governmental charge, the validity of which Vendee shall contest in good faith and by appropriate legal proceedings, until such contest shall have been decided, if the non-payment thereof does not, in the judgment of Vendor expressed by written notice to Vendee, materially and adversely affect its rights and interests in the Equipment.

2.11 All payments provided for in this Agreement shall be made by Vendee to Vendor in such currency of the United States of America as at the time of payment is legal tender for payments of public and private debts.

3. REPRESENTATIONS AND WARRANTIES

The Vendor represents and warrants that the execution of this Agreement is within its corporate authority and has been authorized by proper corporate authority. The Vendee represents, warrants and covenants that:

3.1 The Vendee is a duly organized and validly existing corporation in good standing under the laws of the State of Delaware, and has the power and authority to own its properties and carry on its business as now conducted.

3.2 The execution and delivery of this Agreement is within its corporate authority, has been authorized by proper corporate proceedings and will not contravene any provision of law or of its charter, by-laws or any agreement or other instrument binding upon it, and the Agreement is a valid and binding obligation of the Vendee enforceable against the Vendee in accordance with its terms.

3.3 No governmental authorizations are required as to the Vendee for the execution and delivery of the Agreement or for the validity and enforceability thereof or the conditional sale hereunder on the terms and conditions provided for herein; or, if any such authorizations are required, they have been obtained.

3.4 No litigation or administrative proceedings are pending or, to the knowledge of the Vendee, threatened against the Vendee, the adverse determination of which would affect the validity of this Agreement, the ability of the Vendee to fulfill its obligations hereunder, or the rights of the Vendor hereunder.

3.5 Upon delivery by Builders of the Bills of Sale described in Section 1.1 (a) and (b) herein, Vendor shall thereby acquire full legal title to the Equipment and good and lawful right to sell Equipment and title to Equipment shall be vested in Vendor free of all claims, liens and encumbrances of any nature, subject only to the rights of Vendee under this Agreement, provided however, that as to the following matters, the warranties of Vendor in this Section 3.5 are limited to a warranty that

Vendee does not have notice to the contrary thereof; that the Builders are duly organized and validly existing corporations in good standing and have the power and authority to carry on their businesses as now conducted; that said Bills of Sale have been duly authorized and delivered by Builders are valid instruments binding upon Builders in accordance with their terms, and will not contravene any provision of law or their charters, by-laws or other agreement or other instrument; that Builders have not made or suffered any transfer of title to, or permitted any claim, lien or encumbrances against the Equipment; and that Vendor is vested with all the right, title and interest of Builders in the Equipment.

3.6 Vendee has possession of the Equipment, has accepted the same, and the said Equipment conforms to all Interstate Commerce Commission requirements and specifications interpreted as being applicable to railroad Equipment of the character of such Equipment and the Equipment is free from defects in material and workmanship and is in good and serviceable condition.

4. AFFIRMATIVE COVENANTS

4.1 The Vendee agrees that so long as any amount of the purchase price is outstanding hereunder, it will furnish Vendor: (a) within ninety (90) days after and as of the end of each calendar year, and more often if requested, a report as to the condition of the Equipment, the Vendor shall have the right, but shall be under no obligation, to inspect the Equipment at any reasonable time or times during the continuance of this Agreement); and (b) within ninety (90) days after and as of the end of each of Vendee's fiscal years a detailed balance sheet, statement of profit and loss, statement of account, surplus account, and

statement of operating income and expense accounts, certified by an authorized officer of the Vendee, in form substantially the same as Vendee's Annual Report for the year ending December 31, 1971, a copy of which has been previously furnished to Vendor.

4.2 Vendee shall comply in all respects with all laws of any country, the United States and of the States and political subdivisions thereof, in or through which the said Equipment may be operated, covering the use, operation and maintenance of said Equipment, and with the lawful rules with respect to said Equipment of the Interstate Commerce Commission, and of every other legislative, administrative or judicial body exercising any power or jurisdiction over said Equipment; and in the event that the said laws or rules require any alterations of any of said Equipment, or any additional Equipment or appliances thereon, Vendee shall conform therewith at its own expense and shall maintain said Equipment in proper condition for operation under such laws and rules during the life of this Agreement.

4.3 At all times while this Agreement is in force, Vendee, at his own expense shall keep the said Equipment adequately insured against damage or destruction by fire, while on its own lines or on lines over which it operates, in an insurance company or companies approved by Vendor. The policies shall specify that all payments of loss on said Equipment shall be made to Vendor. The policies of insurance, certified copies thereof, or certificates of coverage satisfactory to Vendor, shall be deposited with Vendor. In case Vendee shall fail to keep such Equipment so insured and to deposit policies, certified copies thereof or certificates of coverage as aforesaid, Vendor may itself insure such Equipment, and in this event Ven-

dee shall be obligated to repay to Vendor the amounts of premiums paid therefor with interest thereon at the rate of six and seven-eighths (6.875%) per annum from the time of notice of Vendee of such premium payment until repaid, which notice to Vendee shall be made by delivering to Vendee a certified copy of such policy or policies of insurance, or certificates of coverage giving the terms of coverage of such policies in reasonable detail. All insurance moneys shall be paid to Vendor and shall be applied by Vendor on the next ensuing quarter-annual instalment payment date to the reduction of the principal in accordance with the provisions of Section 2.6 herein, unless on or before said next ensuing instalment payment date Vendee shall have given notice to the Vendor that Vendee intends to repair or that it has repaired the Equipment in respect of which such insurance moneys were paid. If such notice shall be given, said moneys shall, upon satisfactory evidence of the repair of such Equipment, be paid over to Vendee. If such evidence of repair shall not be given within a reasonable period after the giving of such notice, then Vendor shall apply such moneys to the reduction of principal in accordance with the provisions of Section 2.6 herein.

4.4 Vendee at its own cost shall keep all said Equipment in good condition and proper running order, and in case any Equipment shall be worn out, lost, destroyed, irreparably damaged or otherwise rendered permanently unfit for use from any cause whatsoever prior to the payment of the full indebtedness in respect of the purchase price of the Equipment, together with interest thereon and all other payments required hereby, the Vendee shall, within twenty (20) days of such event, fully inform the Vendor in regard to such destruction or damage and shall,

within thirty (30) days of any such event, pay to the Vendor a sum (less any moneys received pursuant to Section 4.3) equal to the fair value as in good repair of each Equipment so damaged or otherwise rendered permanently unfit for use. For the purpose of this Section 4.4, the fair value of any Equipment as in good repair shall be deemed to be the original cost thereof less an amount representing depreciation arising from reasonable wear and tear to be determined by the method in use at the time in standard railroad practice for determining such depreciation, but in no event exceeding 1/15th of said original cost for each full twelve (12) month period elapsed from the date of delivery and acceptance thereof hereunder to the date as of which such fair value is to be determined, as evidenced by a certificate signed by an officer of the Vendee and delivered to the Vendor. If Vendee shall have received or shall receive from another source compensation for the destruction of such Equipment in excess of such fair value, Vendee shall pay such excess to Vendor when received. All moneys paid by Vendee to Vendor under this Section 4.4 shall be applied to reduction of principal in accordance with the provisions of Section 2.6 herein.

4.5 Vendee has fastened, and will always cause to be kept fastened, upon each side of each piece of Equipment a metal plate or stenciling bearing the following words in letters not less than one inch in height: "Manufacturers National Bank of Detroit, Owner". Such plates or stenciling will be so located as to be readily visible and to indicate plainly ownership of said Equipment. In case, during the continuance of this Agreement, such plates, stenciling or markings shall at any time be removed, defaced or destroyed, Vendee shall immediately at its own cost, cause

the same to be restored or replaced; and if by reason of change of law or otherwise additional or other plates or markings shall be required to protect the interest of the owner, Vendee shall provide and install and thereafter maintain the same on all such Equipment. The Equipment may be lettered "Detroit, Toledo and Ironton Railroad Company", "D. T. & I." or in some other appropriate manner, as Vendee may desire, and may be numbered for convenience in identification; but Vendee, during the continuance of this Agreement, will not allow the name of any corporation or other party to be placed on any of the Equipment, in such manner that such name or designation might be interpreted as a claim of ownership thereof by any person, association or corporation other than Vendor or its assignee. In case Vendee shall change the number assigned to or placed on any Equipment, immediate notice of such change shall be given to Vendor so that it may correct its records accordingly. In the event, subsequent to entering into this Agreement, of a transfer or assignment, or successive transfers or assignments, by Vendor or its assignee of title to said Equipment (and of Vendor's rights hereunder in respect thereof), whenever requested by any such transferee or assignee, Vendee shall change the ownership plates on all the Equipment to indicate the title of such transferee or assignee to such Equipment and its succession to rights of Vendor hereunder, and the expense of making such change in plates shall be borne by the party or parties requesting such change, except only that the cost of making such change in connection with the first assignment by Vendor shall be borne by Vendee.

4.6 Vendee shall bear the risk of and shall not be released from its obligation hereunder in the event of any

damage to or destruction or loss of any of the said Equipment from any cause whatsoever. Vendee further agrees to save, indemnify and keep harmless Vendor from and against all loss, damages, injuries, claims, demands or expenses whatsoever, regardless of the cause thereof, in connection with any accident or otherwise arising from or caused by operation or use of said Equipment while this agreement is in force. With respect to any loss, damages, injuries, claims, demands and expenses in connection with any such accident or otherwise arising from or caused by operation or use of said Equipment while this Agreement is in force, such covenant of indemnity shall continue in full force and effect notwithstanding the full payment of the purchase price and the conveyance of title to the Equipment, as provided in Section 2.1 hereof, or the termination of this Agreement in any manner whatsoever. Vendee will pay or satisfy and discharge any and all sums claimed by any party by, through or under the Vendee or its successors or assigns, which, if unpaid, might become a lien or a charge upon the Equipment, or any unit thereof, equal or superior to the title of Vendor thereto, but shall not be required to pay or discharge any such claim so long as the validity thereof shall be contested in good faith and by appropriate legal proceedings in any reasonable manner and the non-payment thereof does not, in the opinion of Vendor, adversely affect the property rights of Vendor hereunder.

4.7 Vendee agrees that, after delivery of the Equipment, they will be kept, maintained and used by the Vendee solely upon the lines of railroad owned or controlled by it or over which it operates in the States of Michigan, Ohio, and Wisconsin, and the Province of Ontario, Canada, and will not be removed to any other State without con-

sent in writing of the Vendor, except for Vendee's right to let the Equipment provided in Section 5 herein. DTI 9520-9549 inclusive identified in preambles on page one (1) may be interchanged in normal carriage contract of Interstate Commerce notwithstanding the provisions of this Section 4.7.

5. NEGATIVE COVENANTS

The Vendee covenants and agrees that so long as any amount of the purchase price is outstanding hereunder, it will not, without the prior written consent of Vendor, assign or transfer this Agreement or any of its rights hereunder, or transfer or let the said Equipment or any of them, except Vendee may let any or all of the Equipment to The Ann Arbor Railroad Company, provided, however, that the said leasing permitted herein shall be subject to the provisions of this Agreement and the terms thereof shall not require more than thirty (30) days' notice of termination thereof by Vendee, and shall not cause or permit any of said Equipment to be pledged or held for any debt or obligation owing by Vendee or to be in any manner encumbered and shall not suffer the said Equipment or any of them to pass out of Vendee's control, except for the said letting as provided in this Section 5.

6. DEFAULTS

6.1 In case the Vendee:

- (a) shall make default in the payment of any installment provided in Section 2.2 through 2.11 inclusive, and shall remain in default for more than thirty (30) days after such payment shall become due and payable; or
- (b) shall default in the performance of any other obligation under this Agreement and such default shall continue for a period of thirty (30)

days after written notice thereof has been given by Vendor to Vendee;

then in any such case (in this Agreement sometimes called events of default), Vendor at its option may by notice in writing delivered to Vendee declare to be due and payable forthwith the entire unpaid balance of the purchase price of the Equipment; and thereupon the entire amount of such unpaid purchase price shall become and shall be due and payable immediately without further demand, together with interest thereon at the rate of seven and seven-eighths per cent (7.875%) per annum to such date of default, and thereafter interest shall be payable by Vendee upon any portion thereof overdue, during such times as it shall remain overdue, at the rate of seven and seven-eighths per cent (7.875%) per annum, and Vendor shall thereupon be entitled to recover judgment for the entire amount so payable by Vendee with interest thereon at said rates and to collect such judgment out of any property of Vendee wherever situated. Any and all money so collected by Vendor shall be applied by it as hereinafter in Section 6.7 of this Agreement provided.

6.2 Vendee covenants that, in case of the happening of any such event of default, Vendor, by its agents may take or cause to be taken immediate possession of all or any one or more of the Equipment wherever they may be situated, and may also remove the same from the use and possession of the Vendee, and for this purpose may enter upon the railroads and premises of Vendee and of any corporation a majority of whose capital stock is owned directly or indirectly by Vendee, and take possession of all or any part of the Equipment and withdraw the same from said railroads and premises, retaining all payments which up to that time may have been made hereunder for the Equipment and otherwise, and may lease the Equip-

ment or any part thereof, or, with or without retaking possession thereof (but only after making the declaration hereinabove provided for), may sell the same or any part thereof, so far as may be necessary to realize the balance remaining to be paid by Vendee under this Agreement free from any and all claims of Vendee at law or in equity, in one lot and as an entirety or in separate lots, at public or private sale, for cash or upon credit, in its discretion, and may otherwise proceed to enforce its rights in the manner provided by this Agreement. Any net proceeds from sale in excess of the balance remaining to be paid under this agreement, shall be paid to Vendee.

6.3 In case Vendor shall rightfully demand possession of the Equipment in pursuance of this Agreement and shall reasonably designate a point or points upon the railroad of Vendee, or upon the railroad of any corporation a majority of whose capital stock is at the time directly or indirectly owned by Vendee, for the delivery of the Equipment to it, Vendee shall, at its own expense, forthwith and in the usual manner cause the Equipment to be moved to such point or points on said railroads as shall be designated by Vendor and shall there deliver the same or cause them to be delivered to Vendor; or at the option of Vendor, Vendor may keep the Equipment on any of the lines of railroad or premises of Vendee until Vendor shall have leased, sold or otherwise disposed of the same, and for such purpose Vendee agrees to furnish without charge for rent or storage, the necessary facilities at any point or points selected by the Vendor reasonably convenient to Vendee. It is hereby expressly covenanted and agreed that the covenants in this Section 6.3 contained are of the essence of this Agreement and that, upon application to any court having jurisdiction in the premises, Vendor shall be

entitled to a decree against Vendee requiring the specific performance thereof and the Vendee expressly consents to the entry of such a decree.

6.4 Any such sale or sales may be held or conducted at such place or places and at such time or times as Vendor may specify, or as may be required by law, and without gathering at the place of sale the Equipment to be sold, and in general in such manner as Vendor may determine, but so that Vendee may and shall have a reasonable opportunity to bid at such sale.

6.5 Upon such taking possession or lease or sale of the Equipment, Vendee shall cease to have any rights or remedies in respect of the Equipment under this Agreement, but all such rights and remedies shall be deemed thenceforth to have been waived and surrendered by Vendee, and no payments theretofore made by Vendee for the Equipment or any of them shall, in case of the happening of any such event of default and such taking possession, lease or sale by Vendor, give to Vendee any legal or equitable interest or title in or to the Equipment or any of them or any cause or right of action at law or in equity in respect to the Equipment against Vendor. No such taking possession or lease or sale of the Equipment by Vendor shall be a bar to the recovery by Vendor from Vendee of any unpaid balance of the purchase price of the Equipment, and Vendee shall be and remain liable for the same, until such sums shall have been realized as, with the proceeds of the lease or sale of Equipment, shall be sufficient for the discharge and payment in full of all sums payable by Vendee under any of the provisions of this Agreement.

6.6 Vendee will pay all reasonable expenses, including attorney's fees, incurred by Vendor in enforcing its remedies under the terms of this Agreement. In the event that Vendor shall bring any suit to enforce any of its rights hereunder and shall be entitled to judgment, then in such suit, Vendor may recover reasonable expenses, including attorney's fees, and the amount thereof shall be included in such judgment.

6.7 If in case of the happening of any such event of default, Vendor shall exercise any of the powers conferred upon it by this Agreement, all payments made by Vendee to Vendor under this Agreement after such event of default, and the proceeds of any judgment collected by Vendor from Vendee hereunder, and the proceeds of every lease or sale by Vendor hereunder of any of the Equipment, together with any other sums which may then be held by Vendor under any of the provisions of this Agreement, shall be applied by Vendor in the order of priority, viz: (a) to the payment of all proper expenses incurred or advances made by Vendor in accordance with the provisions of this Agreement, including the expense of any retaking of the whole or any part of the Equipment and all expenses of the custody and of any lease or sale thereof, and (b) to the payment of all sums of money due and payable to Vendor under the provisions of this Agreement, including any taxes, assessments or governmental charges paid by or imposed upon Vendor in respect of the Equipment. After all such payments shall have been made in full, the title to any of the Equipment remaining unsold shall be conveyed by the Vendor to Vendee, free from any further liabilities or obligations to Vendor hereunder. If, after applying all of such sums of money realized by Vendor, as aforesaid, there shall remain any amount due to

Vendor under the provisions of this Agreement, Vendee agrees to pay the amount of such deficit to Vendor. If, after applying, as aforesaid, the sums of money realized by Vendor, there shall remain a surplus in the possession of Vendor, such surplus shall be paid to Vendee.

6.8 The remedies in this Agreement provided in favor of Vendor shall not be deemed exclusive, but shall be cumulative, and shall be in addition to all other remedies in its favor existing at law or in equity.

6.9 The foregoing provisions, however, are subject to the condition that if at any time after unpaid balance of the purchase price shall have been declared due and payable as provided in this Agreement, all arrears of installment payments with interest as hereinabove provided and the expenses of Vendor and all other sums which shall have become due and payable by Vendee under this Agreement (other than the unpaid instalments which shall not at the time have matured according to their terms) shall be paid by Vendee before any lease or sale by Vendor of any of the Equipment and every other default in the observance or performance of any covenant or condition of this Agreement shall be made good or secured to the satisfaction of Vendor, or provision deemed by Vendor to be adequate shall be made therefor, then and in every such case Vendor shall waive the default by reason of which the unpaid balance of the purchase price of the Equipment shall have been declared and become due and payable and shall waive consequences of such default, but no such waiver shall extend to or affect any subsequent default or impair any right consequent thereon.

6.10 Neither such retaking possession nor any lease or sale of the Equipment by Vendor, nor any action or fail-

ure or omission to act against Vendee in respect to the Equipment on the part of Vendor, nor any delay or indulgence granted to Vendee by Vendor, shall affect the obligation of Vendee under this Agreement.

6.11 The filing by Vendee or by creditors of Vendee of any petition for reorganization or debt adjustment affecting the obligations of Vendee under this Agreement, under Section 77 of the Bankruptcy Act, or under any amendment or revision thereof, or under any other provision of the Bankruptcy Act as now or hereafter existing, or any voluntary assignment or transfer of Vendee's interest in and under this Agreement, or any involuntary transfer of such interest by bankruptcy, or by the appointment of a receiver or trustee, or by execution, or by any judicial or administrative decree or process, or otherwise (unless such petition shall be dismissed or such assignment, transfer, decree, or process shall within forty-five (45) days from the filing or other effective date hereof, be nullified, stayed or otherwise rendered ineffective, but then only so long as such stay shall continue in force or such ineffectiveness shall continue, or unless any such receiver(s), or trustee(s) shall within forty-five (45) days from the date of his or their appointment assume all the obligations of Vendee under this Agreement in writing, pursuant to a court order or decree, in such manner that such obligations shall have the same status as obligations incurred by such receiver(s) or trustee(s)) shall be deemed a breach of this Agreement and a default hereunder; whereupon Vendor may elect to declare the unpaid balance of the purchase price immediately due and payable as hereinbefore provided and may thereupon forthwith retake possession of the Equipment or any of them

and exercise and enforce any and all other remedies as provided by Sections 6.1 to 6.10 hereof.

7. MISCELLANEOUS

7.1 Any provision of this Agreement prohibited by any applicable law of any state, or which by any applicable law of any state would convert this agreement into any instrument other than an Agreement of conditional sale, shall as to such state be ineffective, without modifying as to such state the remaining provisions of this Agreement. Where, however, the conflicting provisions of any applicable state law may be waived, they are hereby waived by Vendee to the full extent permitted by law.

7.2 Vendee shall cause this Agreement, any assignments and supplements thereof to be filed, registered and recorded wherever required for the proper protection, to the satisfaction of counsel for Vendor, or Vendor's title to the Equipment, and its rights under this Agreement; and Vendee shall from time to time do and perform any other act, and will execute, acknowledge, deliver, file, register and record any and all further instruments, required by law or reasonably requested by Vendor for the purpose of such protection of its title and rights, or for the purpose of carrying out the intention of this Agreement; and Vendee will promptly furnish to Vendor evidence of such recording.

7.3 Vendee will pay all reasonable costs, charges, and expenses, except the counsel fees of Vendor, and including stamp and other taxes, if any, incident to the printing or other duplicating, execution, delivery, filing or recording of this Agreement, of the first assignment of this Agreement, of any instrument supplemental to or amend-

atory of this Agreement, and of any certificate of the payment in full of the indebtedness in respect of purchase price due hereunder.

7.4 This Agreement of conditional sale constitutes the entire contract between Vendee and Vendor; no variation or modification of this Agreement and no waiver of any of its provisions or conditions shall be valid unless in writing and signed by duly authorized officers of Vendee and Vendor.

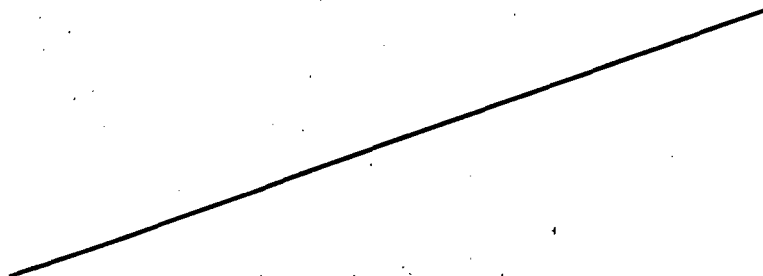

7.5 The terms of this Agreement and all rights and obligations hereunder shall be governed by the laws of the State of Michigan.

7.6 All or any of the rights of Vendor under this Agreement, including the right to receive the payments herein provided to be made by Vendee, may be assigned by Vendor and reassigned by any assignee at any time and from time to time, provided, however, that no such assignment shall relieve Vendee of its obligations under this Agreement. In event of any such assignment, the assignor shall give written notice to Vendee, together with a counterpart or copy of such assignment, stating the identity of and post office address of the assignee, and such assignee shall by virtue of such assignment acquire all of its assignor's right, title and interest in and to the Equipment and each and every part thereof, subject only to such reservations as may be obtained in such assignment. From and after the receipt by Vendee of the notification of any such assignment, all payments thereafter to be made by Vendee hereunder shall, to the extent so assigned, be made to the assignee. All rights as to notices and consents shall pass with such assignment. Vendee will furnish any such as-

signee with all reasonable supporting paper specified in any such assignment.

7.7 Wherever provision is made in this Agreement for any notice or demand to or upon Vendee, or if at any time Vendor or any assignee shall desire to give notice to make demand upon Vendee, the same may be given or made by depositing a written statement thereof, enclosed in a post-paid envelope in any United States Post Office, directed to Vendee at its office or place of business in the City of Dearborn, Michigan, and an affidavit by any person depositing such notice in respect of such mailing shall be deemed to be and shall be conclusive evidence of the giving and receipt of such notice and the making of such demand.

7.8 This Agreement may be simultaneously executed in any number of counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute but one and the same contract, which shall be sufficiently evidenced by any such original counterpart. Although this Agreement is dated for convenience as of September 7, 1972, the actual date or dates of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

WITNESS the due execution hereof.
